WALTER ROLLER GERMANY

Product overview 2027

Tailor-made solutions for your refrigeration requirements

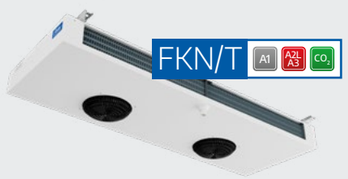

PRODUCTS FOR EXPERTS
QUALITY MADE IN GERMANY

Air coolers and air conditioning units

LOW PROFILE AIR COOLERS

Commercial cooling and freezing applications

❄ Cooling capacity: 0.2 to 20 kW

FKN/T A1 A2L A3 CO_2

DHN A1 A2L A3 CO_2 H_2O

DLK/T A1 A2L A3 CO_2 H_2O

HIGH-PERFORMANCE AIR COOLERS

Commercial cooling and freezing applications

❄ Cooling capacity: 1 to 25 kW

HVS/T A1 A2L A3 CO_2 H_2O

FHV/T A1 A2L A3 CO_2 H_2O

KBKT A1 CO_2 H_2O

INDUSTRIAL HIGH-PERFORMANCE AIR COOLERS

Maximum performance requirements

❄ Cooling capacity: 7 to 90 kW

FHVI/T A1 CO_2 H_2O

HVIS/T A1 CO_2 H_2O

DHNI/T A1 CO_2 H_2O

AIR CONDITIONING UNITS

Perfect room conditions in building technology

❄ Cooling capacity: max. 16 kW

Heating capacity: max. 39 kW

HKN A1 CO_2 H_2O

PROCESS AIR COOLERS

Cooling, heating, humidifying and dehumidifying

❄ Cooling capacity: 1 to 8 kW

SV A1 CO_2 H_2O

Heat exchangers, air coolers for refrigerated cabinets and static air coolers

STATIC AIR COOLERS

Series and customer-specific static air coolers for refrigerated cabinets

❄ Cooling capacity: 0.1 to 2.9 kW

UT/FK/GS/V A1 A2L A3 CO_2 H_2O

LE/LK A1 A2L A3 CO_2 H_2O

HEAT EXCHANGERS

Series and customer-specific heat exchangers for many applications

❄ Cooling capacity: 0.1 to 1000 kW

AIR COOLERS FOR REFRIGERATED CABINETS

For refrigerated cabinets and small commercial applications

❄ Cooling capacity: 0.35 to 0.54 kW

VW/VM/VD A1 A2L A3 CO_2 H_2O

Heat pump evaporators and condensers

CONDENSERS

Commercial applications

❄ Cooling capacity: 2.4 to 27 kW

KVN A1 CO_2 H_2O

HEAT PUMP EVAPORATORS

Outdoor installation

❄ Cooling capacity: 2.5 to 30 kW

WPV A1 CO_2 H_2O

Product lines

FOR CURRENT AND FUTURE APPLICATIONS

A1 A2L A3 = MultiRef

Synthetic and natural refrigerants

CO_2 = CO_2Oler

Natural refrigerant R744

H_2O = H_2OCooler

Refr. carrier, water / brine / glycol

MADE IN GERMANY

...is not only a promise of quality for us

- Use of the highest quality materials from primarily German brand manufacturers
- Robust products with maximum energy efficiency and durability
- Fast processing times for shortest delivery times
- Quality manufacturer with unusual flexibility
- Reliable spare parts supply at short notice

Your partner for more than 80 years

TAILOR-MADE SOLUTIONS FOR YOUR REFRIGERATION REQUIREMENTS

We develop and produce at the locations in Gerlingen our innovative air coolers. We can develop solutions for individual applications with you.

Either as standard or customized as a system solution.

Walter Roller offers with its broad product range of heat exchangers and air coolers for a wide performance range and every application in refrigeration technology the optimal solution.

Intuitive and fast

Select the optimum device for your application case – with thermodynamic calculation of the performance data
